

What is The 24K Gold Facial?

Just when you thought a facial couldn't be any more of a luxury, a three-year study has come up with a gold-leaf process which recreates the golden mask of Cleopatra for today's woman.

The greatest cosmetologists, scientists and researchers worked together using their knowledge and experience to create the most unique and advanced cosmetic formula.

As per all our facials this treatment will be personally tailored to meet your skin needs. We clean, exfoliate and nourish your skin to promote clear, well-hydrated skin.

We incorporate the benefits of the precious metal gold into your treatment protocol, by way of an exfoliate that is created from 20-30, 24k gold-leaves.
